STORY SCRIPT

Nadine Fest from Austria has claimed the gold medal in the Ladies' Alpine Skiing Super-G at the Lillehammer 2016 Winter Youth Olympic Games.

A time of 1:11.93 was enough for the 17-year-old to finish ahead of compatriot Julia Scheib (1:12.56) and Swiss athlete Aline Danioth (1:12.69) on the Hafjell Olympic Slope.

Fest, who skis for SC-Gerlitze in Austria, improved greatly on her fifth place finish in the FIS Race Kravec Super-G in 2015.

In total, 1100 athletes from 71 nations are competing at the Winter Youth Olympic Games (YOG) in Lillehammer Norway for a total of 70 Gold medals.

The second-ever Winter YOG is taking place between Friday 12th & Sunday 21st of February 2016.

Ladies' Super-G

The layout of the course and gates in Super-G are similar to Giant Slalom, but the distance between the gates and the speed are increased. Super-G events are referred to as speed events in Alpine Skiing. The competitors generate high speeds because the course is designed with longer runs and bigger distances between the gates.

Both events consist of a single run. The Super-G competition is run in an “against the clock” format, with the competitors attempting to cross the finish line with the fastest time.

What are the YOG?

The Youth Olympic Games are essentially about competing, learning and sharing. They are a celebration of sport, youth diversity and the Olympic values of excellence, friendship and respect. They also exemplify the Fundamental Principles of Olympism, blending sport with culture and education. The vision of the Youth Olympic Games is to inspire young people around the world to participate in sport and live by the Olympic values.
